Dear sirs, madams

I was very glad when I saw the scholarship opportunity and with this letter I would like to express my feelings to the **BSCHOLARZ LTD** for this program. I am graduate of ecole des sciences de kidaho in Rwanda Holding the humanity degree(A2).

Since I have a quite strong academic background in the sciences, I believe that bachelor course in biomedical laboratory perfectly meets my profile and career projects. my ultimate goal is to work with research based teams in biomedical laboratory sector as well as in the best university ever to improve capacity.

Since I am not in position to finance my studies therefore, I will be very grateful to be provided with scholarship to improve my education and boost my career prospects.

The scholarship opportunity I perceive as extraordinary to interacts with students and scholars from diverse professional and culture background coming from all the world. this type of networking is very crucial for integration of different ideas and prospectives pertaining to the country issue.

At the end I would like to point that I am willing to risks the most of the scholarship program. I believe that being a student in your program would not only empower my career development but also give a framework to utilize my full potential.

Yours sincerely,

TUYISHIME JOVANIE
