CERTIFICATES

Positive Psychology

The University of North Carolina at Chapel Hill
2023

In the course of Positive Psychology, I explored the science of well-being and human flourishing. This study delved into understanding factors that contribute to a fulfilling life, focusing on strengths, positive emotions, and strategies to enhance overall mental and emotional health.

Designing the future of work.

The University of New South Wales
2023

In "Designing the Future of Work," we explored innovative strategies to reshape the workplace, emphasizing technology integration, flexible structures, and employee well-being to adapt to evolving professional landscapes.

Contemporary issues in Management

The open university
2023

In "Contemporary Issues in Management," the focus was on analyzing and addressing current challenges faced by businesses, ranging from globalization and technology disruptions to ethical dilemmas, providing insights into modern management practices.
